

Did you hear it's Easier to File a FECA Claim for COVID-19 now?

The American Rescue Plan Act of 2021 that President Biden signed on March 11, 2021, makes it **much easier** for federal workers diagnosed with COVID-19 to establish coverage under the Federal Employees' Compensation Act. To establish a COVID-19 claim, you simply need to establish that you are a "covered employee," meaning that:

1. **You were diagnosed with COVID-19.** Specifically, you were diagnosed with COVID-19 while employed in the Federal service at any time during the period of January 27, 2020 to January 27, 2023; and,
2. **Your duties include any risk of exposure.** Specifically, within **21** days of your diagnosis of COVID-19, you carried out duties that—
 - a. required contact with patients, members of the public, or co-workers; or
 - b. included a risk of exposure to the novel coronavirus.

What Does the Change in the Law Mean?

1. **You are only required to establish that your duties included a risk of exposure to COVID-19.** You do not have to prove you were engaged in high-risk employment; that you were actually exposed to the virus; or that you were exposed to someone who had the virus while performing your duties.
2. **If you establish that you are a "covered employee," any diagnosed COVID-19 will be deemed to have been proximately caused by your Federal employment.** You no longer have to establish a causal link between your employment and your COVID-19 diagnosis.

What to Do:

You can quickly and easily file a **CA-1** Claim for COVID-19 through the Employees' Compensation Operations and Management Portal (ECOMP). You can access ECOMP at ecomp.dol.gov. If you have never used ECOMP, you can [view this instructional video](#) to learn how to register for an ECOMP account, [and this video](#) to learn how to file a COVID-19 claim. If you don't have access to a computer, contact your supervisor.

Why File Now? What if I Think I Am OK?

If you were previously diagnosed with COVID-19 or even if you believe you just have a mild case of COVID-19, you should consider filing a COVID-19 FECA claim **now** even if you have fully recovered and/or had an asymptomatic infection.

- In the event you develop a consequential injury, impairment or illness later as a result of your COVID-19 diagnosis, timely filing your claim **now** will facilitate the processing of any future claim for any such consequential condition or impairment.
- If you wait until you experience a consequential injury or illness to file your COVID-19 claim, your claim may be subject to time limitation and you will have to establish **both** the initial COVID-19 claim and the consequential condition claim before benefits can begin.
